# COURSE MAP

Compulsory Step–Choose a departmental elective bucket from available options corresponding to the selected degree programme

Optional Step–Add minor/specialization to your degree programme from options available

## SCHOOL OF FUTURE SKILLS

“Powering the Thinkers and Innovators of tomorrow”

School of Future Skills at NIET aims to provide multidisciplinary education that offers skills for future jobs and knowledge for modern world by offering learning program in 21st century skills. We aims to develop and nurture competency and capability of individual which are essential to succeed in job market and personal space. The main objective is to encourage students to think clearly, analyse critically and express themselves with clarity by working in collaboration through micro programs and workshops on skills like:

- Design Thinking
- Creativity and Problem solving
- Communication
- Leadership
- Collaboration
- Critical Thinking and Emotional Intelligence

School of Future Skills conduct sessions which are highly engaging and give students the flexibility to learn through various activities and case studies which we conduct throughout the year. We also conduct workshops for schools, colleges and working professionals with the aim to foster a wide range of cognitive skills and open mindedness amongst all.

## TESTIMONIALS

**Purnima Kumar**  
B.Tech (DS)

“My Data Science bachelor's degree at NIET has been eye-opening. The placement team here works arduously to attract a number of major and key businesses. I was able to gain a solid understanding of what is required to operate in a collaborative and professional atmosphere thanks to the workshops and hackathons held by the various teams here at the institution.”

**Akash Pal**  
B.Tech (DS)

“In order to assist students in selecting their future sector or business, NIET provides exposure through a variety of academic, extracurricular, and industry-related activities. Being a part of such an organization makes me glad.”

**Saurav Pandey**  
B.Tech (IT)

“It is my firm belief that education is the best way to enlighten young, energetic minds and it can only be done in a positive environment. Our college, NIET, has all what it takes to provide education in a congenial manner. Our branch and college are one of their kinds as they guarantee the success of students and makes them future-ready.”

**Shanhavi**  
B.Tech (IT)

“The department of Information Technology focuses on enhancing skills of we students and makes us industry ready by promoting a culture of technology and innovation. Furnished with well-equipped labs and strong infrastructure, NIET prepares enthusiastic minds to bring laurels to the society and is surely a leading center for world class education.”

**Kumar Aryan**  
B.Tech (CSBS)

“NIET college has been a great contributor in my personality development. The branch CSBS adds a cherry on top as it offers you a versatile range of subjects to study. This branch offers you a study of core computer subjects with a touch of management subjects such as Economics, Business Strategy, Fundamental of management and much more.”

**Ritika Singh**  
B.Tech (CSBS)

“Being a student, I have seen all the efforts and placements of the college at the ground level. NIET has a focused department for placement. NIET has a well prepared curriculum throughout the course which helps in well planned studies and opportunities for students as well as faculties.”

**Anushka Soni**  
B.Tech (CSE)

“Well, where hardwork meets success. Indeed a place of civility and good cheer. Fostering entrepreneurship, leadership globalization and an innovation spectrum amongst scholars. Strong work ethics with a collaborative and dedicated faculty.”

**Mayank Pratap Singh**  
B.Tech (ME)

“I would like to share my experience at NIET. It was an amazing experience to learn designing software. offered by PTC helped me to explore a lot in designing field.”
