INFORMATION TECHNOLOGY DEPARTMENT

MISSION

The department aims in leveraging information technology to simulate the knowledge and enhance the creativity that fosters an open, collaborative and unifying culture in the digital world.

VISION

M1: To produce competitive IT professionals for organizations by imparting quality education in an integrated technology arena.

M2: To empower faculty members and students on latest IT technologies through training and research.

M3: To inculcate ethics and moral values among the students.

FDP

The objective of the FDP is to bring together the experts from industry and academia to exchange their innovative research and share their experience in the field of Machine Learning. The FDP is intended for the faculty of AKTU affiliated institutes. It will eventually open opportunities for collaboration among industry, universities/institutes of National/International repute to foster synergic partnerships.
