Director's Message

Hearty congratulations to all the students and faculty members of the department of Computer Science and Engineering for publishing this newsletter. The newsletter will accumulate all the information at one place and showcase the progress.

The department of CSE, in my opinion, refers to Creative Students of Engineering and is a place of learning where students not only acquaint themselves with the tools and techniques of the present era but also develop software, apps and other devices.

I hope this newsletter will bring forth more news of our development and growth.

HOD's Message

Teachers are the source of light who brightens the future of students with its every ray. This brightness will help them shine in the outer-world to fare the challenges of society.

I am happy to launch this newsletter "Trumpet Note" of IT department that reflects the shine of our students & faculty members.

Dr. Somesh Kumar

" Education is the most powerful weapon which you can use to change the world "

INFORMATION TECHNOLOGY

WORKSHOPS

Android App Development Workshop

Tarun Goyal conducted the workshop on how to develop apps on android platform. He told the students about the basic programming skills required. He also guided the students to develop a calculator and a simple music player app.

Virus Development and Cyber Security

Kartikey Chawla conducted the workshop on virus development and cyber security. He briefed the students about the viruses and the cyber threats and how to protect your computer from it. He also showed a live demo of how to develop a potential harmless virus and taught others to do so.

"Everyone has ideas. They may be too busy or lack the confidence or technical ability to carry them out. But I want to carry them out. It is a matter of getting up and doing it."

WORDS FROM EDITORIAL BOARD

IT Editorial Board is one of the page of the Book called NIET. All the members have put their sincere efforts in releasing the Trumpet Note of Odd semester 2014-15.

The newsletter helps its readers to know about the placements, results & events that occur during this session. This newsletter helps to motivate its readers by its achievements. For this department gets unmatched support from board & institutional activities.

So we owe them by full filling over duties in right way.

Happy Reading !
