

Academic Session (2018-2019)

International/National Journals

1. A. Singh, R. M. Mehra, V. K. Pandey, “A Hybrid Approach for Antenna Optimization Using Cat Swarm based Genetic Optimization”, *Advanced Electromagnetics*, Vol. 7, No. 3, August 2018.
2. Dr. Laxman Singh, Zainul Abidin Jaffery, “Computer-aided diagnosis of breast cancer in digital mammograms”, *Int. J. Biomedical Engineering and Technology*, Vol. 27, No. 3, 2018.

International/National Conference

1. Pooja Singh Gautam, Dhanajay Singh, Surya Deo Chaudhary, Baibaswata Mohapatra “Design and Comparison of Multislot Microstrip Patch Antenna for WiMAX and WLAN Applications”, 2018.
2. Deepak Kumar, Chanchal Anushka, Surya Deo Choudhary, Vineet Shekher, “Design and Simulation of I-Slot Microstrip Patch Antenna with Defected Ground Structure for 5G Applications”, 2nd international Conference on Micro-Electronics and Telecommunication Engineering, 2018.
3. Sarabjeet Kuar, “Analysis of Different Geometry of Microstrip Patch Antenna”, 2nd International Conference on Advances in Computational Techniques and Research Practices (ICACTRP), 14-15 September 2018.
4. Sarabjeet Kuar, “Design and Implementation of Robot Based Intelligent Waste Collection”, 2nd International Conference on Advances in Computational Techniques and Research Practices (ICACTRP), 14-15 September 2018.
