

Newsletter NIET

COMPUTER SCIENCE & ENGINEERING

Director's Message

Hearty congratulations to all the students and faculty members of the department of Computer Science and Engineering for publishing this newsletter. The newsletter will accumulate all the information at one place and showcase the progress.

The department of CSE, in my opinion, refers to **Creative Students of Engineering** and is a place of learning where students not only acquaint themselves with the tools and techniques of the present era but also develop software, apps and other devices.

I hope this newsletter will bring forth more news of our development and growth.

HOD's Message

It gives me immense pleasure that the newsletter of even semester for this year has been released. I would like to congratulate my students and faculty members for adding one more feather in the Department cap by bringing out the newsletter for this academic year. Also, efforts of the Editorial Board and Mr. Vibhanshu Chaudhary are highly appreciated.

This newsletter, however, is a small step, but the step in the right direction and such endeavours will help us reach the top. This newsletter encloses and describes the achievements of the students and faculty members from the CSE department in curricular, co-curricular and extra-curricular activities and the events organized by department of Computer Science and Engineering.

" Education is the most powerful weapon which you can use to change the world "
