INFORMATION TECHNOLOGY DEPARTMENT

MISSION

The department aims in leveraging Information Technology to stimulate the knowledge and enhance the creativity that fosters an open, collaborative and unifying culture in the digital world.

VISION

M1: To produce competitive IT professionals for organizations by imparting quality education in an integrated technological arena.

M2: To empower faculty members and students on latest IT technologies through training and research.

M3: To inculcate ethics and moral values among the students.

Mr. Raman Batra, EVP, NIET

I am extremely happy to know that the Information Technology Department of NIET is bringing out its departmental newsletter during this year. In addition to the numerous achievements of the department, this is yet another milestone in its Curricular and co-curricular activities. I hope the newsletter will bring creative talents of the students. I wish them all the success!! We hope that we have many more years to celebrate this newsletter and growth of NIET!! Cheers !!

Dr. Kumud Saxena , HOD, IT

The Department of Information Technology is preparing its graduate engineers towards the challenging technology revolution that will help shape India's future for many years to come. In globalization and the rapidly changing technical environment, graduate engineers must feel confident & boldly face the corporate world. It can all be achieved with in-depth knowledge of fundamentals and practical application of knowledge through sincere and dedicated efforts. Success can be achieved only through dedication to the cause and continuous hard work.

I am confident that our faculty members and students would satisfy the Department's responsibility and credibility by showing a high level of professional competence in their respective domains.

Student Achievements

Tanvisha Varshiney, Sportswomen, NIET Greater Noida who represented NIET in sports meets and achieved many medals such as 1st position in 200 meter race, 3rd position in 400 meter race, 2nd position in badminton at zonal level and 2nd position in 200 meter race at state level.

Computer Society of India (CSI)

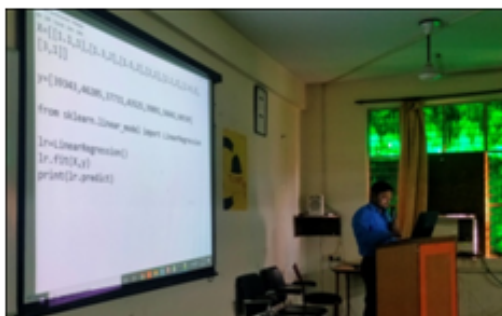

Debate Competition

Computer Society of India, Noida in association with NIET, Greater Noida had organized a debate competition on 30th August 2019, Friday. Participants were there from the different branches of the institution. The overall debate competition was divided into two parts technical and non-technical (social).

The topics of the event were given on the basis of the current scenario of the society. Technical topics were: 1. Can AI replace humans in real world job? 2. Does Mass media and information technologies have a positive impact over globalization? Non-technical topics were: 1. Reservation: Boon or Bane?? 2. Is media working efficiently in Indian Democracy?

Guest Lectures

The event started by welcoming all the guests, participants and the audience. Faculty of different branches gave their presence for the event. Dr. Avijit Mazumder, Director B.Pharm, encouraged the students by enlightening them with his motivating words. Students were happy interacting with the Chief Guest for the event, Dr. S.K. Duggal, Dean Academics, NIET. At the event, we had with us, Dr. Kumud Saxena, HOD, IT, which was in itself great opportunity for the students to interact and develop interest in different areas. Thereafter, the HOD addressed the students and requested the guests to continue the seminar. The guest lecturers were Mr Aditya and Mr. Yogesh from CMC Ltd.
